GENERAL CONDITIONS OF CONTRACT

4.1 Definitions. In these Conditions, "the Contractor" means the entity whose tender has been accepted by the Authority and with whom the Contract has been entered into. "the Engineer" means the person appointed by the Authority to administer the Contract under Sub-Clause 4.6 hereof.

4.2 Commencement. The Contractor shall commence the Works within 15 days of the issue of the Letter of Acceptance and shall complete the Works within 365 days of commencement.

4.3 Workmanship. The Contractor shall execute the Works in a workmanlike manner using best industry practices and to the satisfaction of the Engineer.

4.4 Materials. All materials shall be of suitable quality and procured from approved sources. The Engineer reserves the right to reject any material that does not conform to the relevant Indian Standard.

4.5 Defect Liability Period. The Defect Liability Period shall be 12 months from the date of issue of the Completion Certificate.

4.6 Variations. The Engineer may, by notice in writing, order any variation to the Works as may be reasonably necessary. The Contractor shall be entitled to fair compensation for any such variation, the value of which shall be determined by the Engineer.

4.7 Termination. The Authority may terminate this Contract for cause as specified in Clause 18, or for convenience upon 30 days' notice.
